

Diarrheal Diseases PSA (:30)

This is a message from CDC.

Eating or drinking anything contaminated by flood water can cause diarrheal disease. Practice good hygiene. Wash your hands with soap and water after contact with flood waters. Don't let children play in flood water areas. Make sure your kids wash their hands with soap and water often and always before meals. Don't let them play with toys that have touched flood water unless you've disinfected the toys first.

For more information, visit cdc.gov or call 1-800-CDC-INFO.
